FORM 3 AGRICULTURE HOLIDAY ASSIGNMENT

1. Describe Milk Fever disease under the following sub headings:

(i) Animals attacked (2mks)

.....
.....
.....
.....
.....
.....

(ii) Causes (4mks)

.....
.....
.....
.....
.....
.....

(iii) Symptoms (7mks)

.....
.....
.....
.....
.....
.....

(iv) Treatment (3mks)

.....
.....
.....
.....
.....
.....

5. Outline the steps followed during hay making

(5mks)

.....

.....

.....

.....

.....

.....

.....

.....

.....

.....

.....

.....

.....

6.State six importance of forage conservation

(4mks)

.....

.....

.....

.....

.....

.....

.....

.....

.....

.....

.....

.....

.....

.....

.....

7.State three ways of classifying of pastures

(3mks)

.....

.....

.....

.....

.....

.....

.....

.....

8. State the stage of Harvesting Tea, method, procedure and precautions to be observed

(i) Stage of Harvesting

(2mks)

.....

.....

.....

.....

(ii) Method

(2mks)

.....

.....

.....

.....

(iii) Procedure

(3mks)

.....

.....

.....

.....

(iv) Precautions

(3mks)

.....

.....

.....

9. State the stage of Harvesting Coffee, method, procedure and precautions to be observed

(i) Stage of Harvesting

(2mks)

.....

.....

.....

.....

.....

.....

(ii) Method

(2mks)

.....

.....

.....

.....

.....

.....

.....

(iii) Procedure

(4mks)

.....

.....

.....

.....

.....

.....

.....

(iv) Precautions

(2mks)

.....

.....

.....

.....

.....

.....

.....

10.State the precautions to be observed when harvesting pyrethrum flowers (4mks)

.....

.....

.....

.....

.....

.....

.....

11. Describe the production of rice under the following subheadings:

(i) areas grown

(2mks)

(ii) land preparation

(4mks)

(iii) water control

(4mks)

(iv) fertilizer application

(4mks)

(v) flooding

(3mks)

(vi) weed control

(3mks)

12. Describe production of Maize under the following

a) ecological requirements,

3mks

b) varieties,

3mks

c) seedbed preparation,

4mks

d) field maintenance,

4mks

.....

.....

.....

.....

.....

.....

.....

e) pest control and disease control

3mks

.....

.....

.....

.....

.....

.....

.....

f) harvesting

3mks

.....

.....

.....

.....

.....

.....

.....

13. State ways of controlling crop diseases

(7mks)

.....

.....

.....

.....

.....

.....

.....

14. State the symptoms of viral infection in crops

(5mks)

15. Give six examples of fungal disease that attack crops

(6mks)

16.State seven physical methods of controlling crop pests

(8mks)

17.state 4 disadvantages of chemical pest control method

(4mks)

.....
.....
22. State seven harmful effects of crop pests (7mks)

.....
.....
.....
.....
.....
.....
.....
.....
.....
.....
.....
.....
.....
.....
.....
.....

23. State seven cultural methods of controlling crop weeds (7mks)

.....
.....
.....
.....
.....
.....
.....
.....
.....
.....

24. State disadvantages of tillage as a method of controlling weeds (5mks)

.....
.....
.....
.....
.....
.....
.....
.....
.....
.....

25. State six advantages of chemical weed control (6mks)

.....
.....
.....
.....
.....
.....
